

Ogden Preparatory Academy Prohibition of Dual Enrollment Policy

The purpose of this policy is to articulate Ogden Preparatory Academy's position on dual enrollment for private school and home schooled students.

Notwithstanding Utah Code Ann. § 53A-11-102.5, which allows students enrolled in a public school to be dually enrolled in a private or home school, Ogden Preparatory Academy (OPA) shall NOT allow dual enrollment of students enrolled in a private school or home school.

Furthermore, in an effort to provide maximum opportunity to students enrolled at OPA, students enrolled in a private school or home school will not be eligible for participation in extracurricular activities, special services, or any other program sponsored, administered, or otherwise paid for by OPA.

Laura D'Hulst - OPA Board President
