

Word of the month:

Perseverance

Thinking Targets

Math: We're learning addition, subtraction and number sense to 30, counting to 100, counting by tens telling time and counting money.

Language Arts: We'll be reading a variety of stories and reviewing basic elements such as characters, plot and setting, making predictions and clarifying text and reading with feeling and fluency.

Science: We'll be exploring the metamorphosis of butterflies with our very own butterfly pavilion. We'll also learn about simple machines.

Spanish: We'll be learning words for transportation and animals.

Social Studies: We'll talk about how people, animals and insects change and grow over time.

Colossal Kindergarten

Adventures
