- 21st 3rd Grade visits the Weber County Public Library, 10:00 – 12:00 p.m.
- 23rd Family Library Night, 6:30 – 8:00 p.m., OPA

Just a quick reminder about treats at school – we have a Healthy Lifestyles Plan that states that treats are not welcome at our school. We have students with food allergies, who are diabetic, and who deal with obesity. Therefore, as Halloween approaches please do not buy treats for your student's class. They will pick up plenty of "goodies" Trick or Treating on the 31st.

Another pro-active health measure we are taking this year is providing scoliosis testing for students in 7th grade. We have a registered nurse, Mrs. Mitchell, who will come in and perform this test on students who have been given permission by their parents.

Math Club which is held on Monday mornings at 7:00 a.m. encourages students who love math from grades 4 – 9 to join up. Two clubs are run at this time – one club for serious competition and the other club for expanding math knowledge with games. Those who attend are given Free Breakfast tickets to help offset the early morning hour.

Clay Club is the new addition to the long list of after school activities offered at OPA. Those students interested must bring \$5.00 to the informational meeting which will be held on the 12th in the cafeteria from 3:15 – 3:45 p.m. Mrs. McPhee and Anna Long will be working with these young aspiring artists.

Family Library Night on the 23rd will be a real treat with Storytelling as the focal point of the evening. Mrs. Dosier has a wonderful evening planned for all. Mr. Carlos Camancho from the Weber County Public Library will be telling some of his finest scary stories.

Thank you to your continued support. OPA is recognized as a quality school that puts kids first. I am always open to new ideas and suggestions. Please do not hesitate to contact either me or Mr. Mitchell.
